

The Gugenheim-Cohn Co.'s

Big Removal Sale

The Big Removal Sale goes merrily on, notwithstanding the inclement weather we have been up against this week—hundreds of well pleased buyers thronged the store regardless of rain or mud, and they were not disappointed in the values received. The coming week is the last before Xmas to do your shopping, don't put it off until the last minute—with Merchandise selling at from 20 to 40 per cent below its regular value, we realize we will be taxed to the utmost to serve the big crowds that will attend the Big Removal Sale. We have secured additional experienced help, and urge all who possibly can to do their shopping as early as convenient in the day and avoid the big rush later in the afternoons. A sale of this magnitude has never been pulled off in Corpus where merchandise has been so ruthlessly Sacrificed in price—A big percentage of our big stock is composed of serviceable and useful articles nicely adapted for Holiday Gifts.

20 to 40% off on Merchandise

TRUCK GROWERS HOLD SESSION

ORDERS PLACED FOR SEED FOR
EARLY PLANTING.

Member Urges Broom Corn as the
Ideal Money Making Crop for
This Section.

At the meeting of the Nueces county Truck Growers' association, held in the Commercial club rooms yesterday afternoon, a large number of the members signed up for the amount of cucumber seed which they will need for the spring crop. Altogether several hundred pounds of seed were signed for, indicating that there will be a large acreage planted in the vicinity of Corpus the ensuing year.

The price to be paid for the seed by the members is 65 cents per pound. This price has been secured by the association on account of the amount of seed for which it has contracted. The seed cannot be obtained by individual farmers at this price.

Speaking in relation to the different crops which will be grown by the two members of the Nueces County Truck Growers' association and the general crops which will be planted in the vicinity of Corpus during the coming year, J. J. Hunk, president of the association, yesterday had the following to say:

"From the present outlook the big crop to be planted during the spring by the truck growers will be cucumbers. Many hundred acres will be planted. For second place among the spring truck crops, carteloupes and potatoes are about nip and tuck. Tomatoes are easily the smallest truck crop in prospect.

"The two crops already planted will be planted next year are cotton, milo maize, cane, broom corn, Egyptian wheat, corn and German millet. Cotton of course, will be the leading crop. Broom corn, however, is rapidly increasing in acreage in this section. I have raised splendid broom corn on my place during the past two

—Robinson in New York Tribune.

years and found it to be an unusually good money crop in this section. It will yield at the rate of 1-3 of a ton to the acre, or about 25 acres to the carload.

A market can be found for all that is raised, in Galveston. This year I sold mine two months too soon and received \$100 per ton for it. Had I waited two months longer I would have been able to get \$250 per ton. Buyers are in the market now for broom corn at this price and cannot begin to get all that they need.

"This section of the country is especially adapted to the crop and it will yield heavily with ordinary care. Owing to the climate, it incurs rapidly and the straw in uniform in quality."

Gas Much Needed.

Jacob F. Smith, now of this city, but formerly of Pennsylvania, speaking in relation to the outlook for obtaining a gas manufacturing plant here says:

"I have nothing to say in this connection at present. Corpus Christi unquestionably needs a gas supply if it is ever to become a real city. I understand that there are many inquiries for rent houses being received from wealthy tourists, specifying their houses must be equipped with gas. This in itself indicates the great need for the fuel."

Our aim: Selling you the goods you want at right prices; backing up every guarantee, extending to you courteous treatment. If you have not yet tried us, do so at once. The Stamms, just north of the postoffice. Open evenings. 12 17 61
